COSTUME NATIONAL

### English Aristocracy

Solid or plaid dress trousers tucked into boots combined with either casual knits or equestrian hunting jackets.

MISSONI

### Austro- Hungarian

The rich "Mitteleuropa" influence continues with heavy knits and argyles. Look for uniform styling on jackets; note jewel tones.

SPRING • FALL 2006

## Aviation

New to the battlefield are aviation-inspired and high-ranking uniforms. Jackets and vests feature bomber and cargo pocket styles. Neutrals such as tan and army green are classic, though gray tones are getting heavy attention this fall.

DOLCE & GABBANA

AMERICAN GAMBLER

## American Southwest

Suedes, leathers, velvet, and shine-treated poplins are new to the look.

## College Vintage

Retro vintage is back for another semester. Of note: Blazers stay shrunken, and casual crests and badges are strongly applied on jackets and cardigans. The return of khakis is essential.
